

## CLAIMANTS CAN GET CERTIFICATES

The awards made by the Fire Claims Commission will be made public at 2 o'clock this morning. There will not be a rush of claimants for their certificates, as these are simply to be handed over to the attorneys of record. There are altogether 6700 certificates to be given out, but nearly half that number will go to Whiting & Robinson, attorneys for Chinese, Kinney, Ballou and MacLachlan will take another big bunch, and a large number also go to Brooks and Magoon, while other attorneys also come in for their share.

The Auditor is all ready to take up the certificates and issue warrants in their place, and has prepared the 21,000 warrants necessary. The total amount of the claims filed is over \$3,000,000, and it is reported that the awards will be somewhat more than \$1,500,000.

## JOCKEY CLUB TO HAVE RACE MEET

A meeting of Jockey Club members was held last evening at the Hawaiian Hotel for the purpose of arranging a race meet for July 28, during the Merchants' and Agricultural Fair. In the absence of Colonel Cornwell, Edgar Halstead was elected chairman. On motion of Mr. Davis, seconded by Mr. Ballentine, the following committee was appointed to arrange a program for the above date and submit the same at a meeting to be held at the Hawaiian Hotel on Thursday, July 17: Messrs. Clarence Crabbe, Charles Bellina, Lucas, Davis and Ballentine.

Any one having horses to enter in any races are asked to call on any member of the committee and register the entries.

### The Notley Will

The Hilo story about the Notley will is incorrect. The entire estate was not left to the niece, Mrs. Danforth, but it was put in trust, the income to be divided between the widow, the son William, the children of Chas. Notley Jr., the daughter Maria, wife of Thomas Hughes, the son David and the niece Emma Danforth. When all are dead the estate will be divided between the heirs-at-law in the same proportion. In the original will the son David, Hawaii was given to the son David, not to Charles, but by codicil, executed a few days before death, the testator left it to the niece. The Hilo story was correct as to Charles Notley's content.

### Fire Back of Kapiolani Park.

At 3:30 p. m. yesterday a small one-story frame house on the J. B. Castle premises back of Kapiolani Park on the Monsarrat road, occupied by a Japanese, caught fire through the carelessness of children alleged to have been playing with matches, and burned to the ground. No alarm was sent to town for fire apparatus as the inmates and surrounding residents put all their attention to extinguishing the blaze. The Japanese managed to save some bedding and clothing, and one more said he lost \$20 in money. Streams of water from a couple of lengths of garden hose were used on the burning house without effect.

### Deaths in June.

### Farmers' Institute.

The Farmers' Institute of the Territory of Hawaii will hold a meeting in the Y. M. C. A. Hall Monday evening, July 28. It is held at the time of the agricultural fair in order that those coming from the other islands to the fair may attend the institute. The possibility of the agricultural development of the islands will be the theme of several papers presented by men from different districts of the group. Jared G. Smith, president of the institute, will deliver an address on the scope of the work of the Farmers' Institute. Hon. Sanford B. Dole, Governor of Hawaii, has consented to give an address before the meeting if he is in town at that time. The society is already thoroughly organized and the two meetings that have been held have been very encouraging. In the papers presented and the discussions which followed. The discussions form an important part of the program.

### May Have Been Killed.

While the train of the Oahu Railway Co. was between Waiakula and Makai Ridge en route early yesterday morning to Honolulu, some of the passengers saw a sow and several little pigs running down the mountain side followed by a couple of hunters. Suddenly one of the hunters disappeared and, according to one passenger, he fell over the cliff. Another passenger thought it was his rifle which went over. No report of a casualty had reached the police department up to midnight.

### Little Ruth's Mother.

SAN FRANCISCO, July 8.—All former patrons of the Orpheum in Honolulu will remember "Little Ruth," the precocious child actress who sang and danced there some months ago. She was a decided favorite, and made many friends during the weeks she was in Hawaii. A few days ago the child's mother killed herself under peculiarly pathetic circumstances. She took poison at the ferry building here, and left letters which would indicate that she was either insane or suffering from remorse for something she had done.

## Winning Points OF THE Gunn Book Case

One of the points of superiority over other cases is that the doors operate on roller bearings (as shown in the cut) and cannot possibly bind. This ingenious device allows the door to be operated with a single knob, leaving one hand free for removing or replacing the books. The "Gunn" is the only system in which a broken glass can be replaced by simply unhooking the door. In all other makes the books must be removed and the case taken entirely apart. Don't buy a sectional book case without first seeing the "Gunn."
